It takes many good deeds to build a good reputation, and only one bad one to lose it.

– Benjamin Franklin

Google says what?!

90% of consumers use online reviews to choose which business to buy from.

In an era where every customer's opinion is broadcasted on the first page of Google, across Facebook, and a host of other review websites... it is increasingly important to manage our online reputation. Encouraging your fans to be visible in their praise and your detractors to provide constructive direct feedback (privately) for your response.

Potent REP \$135 (inc GST) p/month.

We'll help:

- manage & reply to your reviews
- get more good reviews
- send emails & sms for you
- positive reviews to be public
- negative reviews to be private
- only show great reviews on your website

Powerful Reputation Management:

Our reputation management software proactively follows up your customers for their Reviews, pushing negative reviews to respond privately, positive to Google & Facebook and only showing the best on your website. We reply to your reviews so you don't have to.

Pricing valid until 30 June 2026.
